

Panther Pledge

I commit to playing an active role in creating a positive living-learning environment by upholding my Panther Pride Pledge:

Perseverance: I will not give up. When things are tough or don't go the way I want, I will keep working to find a way to reach my goals.

Responsibility: I will be accountable for myself. I will strive to make ethical decisions. I will not look to blame others, but will empower myself to be successful and will ask for help when I need it.

Integrity: I will learn and consistently uphold the expectations and values of the TC3 community with honesty and sincerity. (Student Code of Conduct and Academic Integrity)

Dialogue: I will communicate with an open mind; actively listening and learning from others. I will seek to understand those with whom I disagree or have conflict.

Equality: I will treat all members of the TC3 community with respect while developing my own appreciation of individual differences.
